SUMMARY

An Information Technology undergraduate with over 2 years of academic and practical experience in learning software development. Proficient in front-end and back-end web technologies including HTML, CSS, JavaScript, PHP, and Java. Experienced in building web applications and academic projects, with strong motivation to learn, adapt, and contribute in a professional work environment through an internship program.

EDUCATION

Universitas Sumatera Utara *August 2023 – Present*
Bachelor of Information Technology

- GPA: 3.79/4.00
- Relevant Courses: Object Oriented Programming, Web Programming, Database System, Data Structure and Algorithms, Semantic Web, Data Communication and Computer Network, Information Security and Assurance, Server and Network Security, Machine Learning, Mobile Programming.

DBS Foundation Coding Camp *February 2026 – June 2026*
Full-Stack Web Developer Bootcamp

- Developed responsive and interactive user interfaces with React, applying component-based architecture and state management
- Built RESTful APIs and backend services using Express.js, handling routing, middleware, and server-side logic
- Designed and managed relational databases in PostgreSQL, including schema design, queries, and data relationships
- Implemented full CRUD functionality and integrated front-end with back-end services

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, Flutter.
- **Web Development:** HTML, CSS, JavaScript, PHP, MySQL, Laravel, Express.
- **Operating Systems:** Windows.
- **Design & Others:** Figma, Git, Github. Canva.
- **Tools & Platform:** Visual Studio Code, IntelliJ Idea

SOFT SKILLS

- Problem-Solving
- Collaboration & Teamwork
- Analytical & Critical Thinking
- Time Management
- Adaptability
- Creativity & Innovation

PROJECTS EXPERIENCE

Panen Lokal Mobile Application *October 2025 – December 2025*
Back-End Developer

- Developed RESTful APIs using Laravel to support mobile application features for product listing, ordering, and seller management.
- Designed and managed database schema for agricultural products, and users (farmers and buyers).
- Implemented authentication and role-based access for farmers and buyers.

- Collaborated with mobile developers using Flutter to integrate API endpoints and ensure stable data communication.

Jambur Tamsaka Hall Booking Web Application

April 2025 – June 2025

Fullstack Developer

- Developed a web-based booking system for managing event hall reservations and service packages.
- Implemented the backend using Laravel 12, enabling full CRUD functionality for bookings, payments, and hall availability.
- Collaborated with a 5-person team using Git for version control and coordinated through Trello and daily standups.

Subur Tigarunggu Pharmacy E-Commerce Web Application

October 2024 – December 2024

Project Manager & Back-End Developer

- Led the development of an e-commerce website for Toko Obat Subur Tigarunggu, a local pharmacy.
- Managed a team of 5 to design and implement an efficient online sales and inventory system.
- Defined project workflow, database structure, and feature milestones to ensure smooth development.
- Developed the back-end using Laravel 8 (PHP 8.2), implementing core features such as product management, shopping cart, transaction records, stock tracking, and financial reporting.

Ford Jakarta Dealer Website Development

November 2023 – December 2023

Front-End Developer

- Designed and developed the front-end interface of the official Ford Jakarta Dealer website using WordPress.
- Communicated directly with a representative from Ford Jakarta to gather requirements, discuss design preferences, and ensure the website met client expectations.
- Customized themes and page layouts to create a professional and user-friendly design.

ORGANIZATIONAL EXPERIENCE

Information Technology Student Association (HIMATIF USU)

June 2025 – February 2026

Vice Treasurer

- Assisted the treasurer in managing financial records and monitoring organizational expenses.
- Responsible for documenting income and expenditures and supporting budget planning for organizational activities
- Coordinated with other committee members to ensure transparent and accountable financial management.

ONLINE COURSE & CERTIFICATIONS

- IT Specialist (Python) – Certiport, 2025
- Top 1000 9th IndonesiaNEXT – Telkomsel, 2025
- Javascript Programming – Dicoding, 2026
- Coding Camp (Full-stack Web Developer) – DBS Foundation, 2026

LANGUAGES

- Bahasa Indonesia (Native)
- English (Intermediate)
