Bunga N

Recruitment Specialist (Strategic HCBP) at English 1 Swara Group
(Formerly English First) | Managing 20 Branches | Talent Acquisition
Strategist | Strategic Partnerships & Employer Branding

Kota Tangerang, Banten, Indonesia

Summary

A performance-driven Human Capital professional with a unique 'Business-First' mindset. Starting my career in Sales and Finance in 2019 while pursuing my degree has shaped me into a resilient HR partner who understands that people strategy must drive business results. Currently, I manage end-to-end talent fulfillment for 20 national branches, consistently hitting Tier-C performance targets with a 175% increase in hiring productivity. I specialize in bridging the gap between industry and academia through strategic MOA negotiations and employer branding. I don't just hire; I build pipelines, negotiate partnerships, and analyze retention to ensure the right talent stays and grows with the business.

Recruitment Specialist

May 2025 - Present (1 year 1 month)

Kota Tangerang

Swara Group is a prominent franchise operator of English 1 (formerly EF English First), a major international English language teaching organization with over 30 years of global heritage. Since 1997, Swara Group has been a leader in the Greater Jakarta region, delivering premium, technology-driven education.

Currently, I spearhead the end-to-end talent acquisition and strategic human capital operations for 20 national branches within the group, ensuring rapid

manpower fulfillment with high-quality qualification standards and strategic network expansion.

Achievement:

- Manpower Fulfillment Acceleration: Increased successful onboards from 4 to 11 hires per month within the first 2 months of tenure (a 175% productivity surge) by optimizing workflow efficiency and refining selection criteria.
- Strategic Partnership Excellence: Independently initiated and secured 6 University Partnerships (MOA) in less than 12 months. Managed the full cycle: initial pitching, LOI submission, and direct negotiation of final MOA drafts with the Legal Department to secure sustainable talent pipelines.
- Retention & QC: Maintained an ~80% employee retention rate by implementing a rigorous screening process focused on Grit (resilience) and Cultural Fit, significantly reducing turnover costs in high-pressure environments.
- Operational Business Partnering: Served as a strategic consultant for Branch Managers in manpower planning and executing competitive salary benchmarking tailored to regional market demands.
- Employer Brand Advocacy: Acted as the primary corporate representative for campus hiring events and public digital sessions (Live IG), strengthening the company's employer brand and bridging the gap between academic and industry
