Google IT Automation with Python  
Tensorflow: Data and Deployment  
Mathematics for Machine Learning

# Irfan Chairur Rachman

Data Science & Machine Learning | Azure AI Engineer Associate  
Certified | Tensorflow Developer Certified  
South Jakarta, Jakarta, Indonesia

## Summary

Data science professional with 3 years of experience, focusing on customers and clients solutions through data science, machine learning and data preprocessing. Capable of data analytics, machine learning, data visualization & dashboarding, and data preprocessing pipeline proved by certificates and conducted in various projects. Proficient in Python, SQL, R and statistical analysis.

## Experience

### Algoritma Data Science School

3 years 2 months

#### Data Science Instructor

December 2022 - July 2025 (2 years 8 months)

Jakarta Selatan, Jakarta, Indonesia

- Led 23 public classes and 20 corporate training sessions, totaling 400+ hours of interactive workshops, earning a 5/5 satisfaction rating from 78+% of 1,000+ participants.
- Developed projects and delivered courses for corporate class, including machine learning, data analytics, data visualization and data pipeline, tailored to industries such as finance (BCA, DBS, BRI, Bank Jateng, Pegadaian), oil and gas (Eni Indonesia, Medco), and government (KPU).

#### Data Science Trainee

June 2022 - December 2022 (7 months)

Jakarta Selatan, Jakarta, Indonesia

### Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka Machine Learning Facilitator

February 2022 - September 2022 (8 months)

Designed by Google, GoTo Group and Traveloka to prepare high-caliber digital talent for Indonesia. This year, 63,000+ students who registered in Bangkit 2022 and only offered places to 3,100 students. There are 2250 students graduate from Bangkit 2021 and this year Bangkit 2022 provide

opportunities for 120 best selected alumni to contribute to become a facilitator for Bangkit 2022 participants.

### Bukit Vista Hospitality Services

#### Business Data Scientist

December 2021 - March 2022 (4 months)

Bali, Indonesia

- Implement general data collection, preprocessing, modelling, and visualization knowledge
- Inspect problem and find opportunity to optimize Bukit Vista's business process and revenue. Such as find flaw on guideline or adoption of the business process and research for potential market.
- Create tools to help optimize business process at Bukit Vista.

#### My Project:

- Create automatic tools to prioritize potential property to optimize the revenue based on past revenue, availability rate, and inquiry count of the property.
- Create automatic tools to prioritize property to conduct community 1o1 session per property verdict based on last 3 month performance (revenue, occupancy rate, and inquiry count)

### Indosat Ooredoo Digital Camp

#### Machine Learning Path Facilitator

July 2021 - September 2021 (3 months)

1 out of 6 selected from 100+ applicants for facilitator of Intermediate Machine Learning class at Dicoding. Responsible to facilitated 25 students and able to guide 22 of them to finish the class.

### Cinikimi Indonesia

#### Web and Data Engineer Freelancer

May 2021 - September 2021 (5 months)

Cinikimi Indonesia is a startup to help individual/enterprise in digital marketing, digital agency, social management, and more. My project in cinikimi to build website, visualize, and process client's transaction data.

### Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka

#### Bangkit 2021 Student (Machine Learning path)

February 2021 - July 2021 (6 months)

Learn the key concepts and applications of AI to solve a wide range of ML problems with these specializations:

- Google IT Automation with Python
  - Mathematics for Machine Learning
  - DeepLearning.AI TensorFlow Developer Professional Certificate program
  - TensorFlow: Data and Deployment Specialization
- Learn
- Soft skill required by industry such as digital branding, time management, professional communication, Critical Thinking, etc.

---

## Education

UIN Sunan Kalijaga Yogyakarta

Bachelor's degree, Informatics · (2018 - 2022)

CS50

CS50x, Professional Certificate, Computer Science, Pass · (October 2020 - December 2020)
