Hengki Agus Rifa'i

Education & Scholarship Consultant | PhD Researcher in Applied Linguistics | Helping prospective students to secure scholarship & study in the university of their dream

Glasgow, Skotlandia, Britania Raya

Ringkasan

After finishing my Master's degree at Cardiff University and currently doing my PhD at the University of Glasgow, both with full sponsorships, I realise that studying abroad has been life-changing to me, personally and professionally.

That's why since 2019, I have helped people interested in pursuing education abroad through professional mentoring and consultancy.

5+ years since then, I have mentored 600+ students to secure admission to the world's best schools, some with partially- and fully-funded scholarships. They have attended top-ranked universities, including the University of Oxford, the University of Cambridge, Yale University, Columbia University, Imperial College London, University of Melbourne, and University College London with prestigious grants and scholarships, including but not limited to Fulbright, Chevening, Australia Awards, Jardine Foundation, Global Korea Scholarship, DAAD, Indonesian Endowment Fund for Education (LPDP), Indonesian Ministry of Education (BPI) scholarship, and Indonesian Ministry of Communication (Kominfo). You can read some of their stories in the "Recommendation" section under my profile.

Moreover, since 2018, I have had online and offline teaching experiences focused on IELTS, TOEFL, and Academic Writing, with students coming from different cities in Indonesia. With an IELTS score of 8, I assisted them in reaching the English Proficiency test score to study in various universities abroad and preparing them to succeed in their undergraduate and postgraduate studies that require a proficient level of writing skill.

I have also shared my knowledge and experience of scholarships, studying abroad, and IELTS with several institutions through

webinars and training, such as different units in the Indonesian Ministry of Finance, the Indonesian Ministry of Internal Affairs, the Indonesian Meteorology, Climatology, and Geophysical Agency, and the Indonesia Open University, to name a few.

I am offering 3 core services:

- Study abroad & scholarship mentoring
- University admission and scholarship essay reviews
- Mock interview for university and scholarship selection

I am also open to invitations to speak in webinars or training related to any of the following areas: scholarship hunting, study abroad, international education, IELTS/English Proficiency Test, and Academic Writing.

If you're interested in any of the above areas, hit me up at: inbox.hengki@gmail.com.

I look forward to working professionally with you :)

Pengalaman

Schoters
