Summary

I believe when you love what you do, it starts to love you back. That mindset guided me as I transitioned from hospitality to digital marketing. Over the past 2+ years, I’ve developed a strong passion for understanding both consumers and business owners—bridging the gap between customer needs and business goals. I specialize in performance marketing and growth strategy, managing and optimizing paid media campaigns across platforms such as Google Ads, Meta Ads, and TikTok Ads. With a data-driven approach, I focus on improving key metrics like ROAS, CPA, and customer acquisition while strengthening brand positioning and customer journey. I thrive on helping brands grow through impactful, scalable campaigns that create value for customers and drive measurable business results. Every project is a mission to deliver meaningful and profitable outcomes.
