Summary

I am a professional with a Bachelor's degree in Mathematics and a Master's degree in Mathematics Education, passionate about transforming raw data into meaningful insights. With a combination of academic degrees and industry certifications, I focus on operational efficiency through data analysis and human resource development.

Key Skills & Certifications:

- Data Analytics & Visualization: Expert in using Tableau, Power BI, Looker Studio, and BigQuery for data-driven decision-making.
- Technical Proficiency: Experienced in data processing using Python and SQL, and a Microsoft Office Specialist (MOS) and Excel Expert.
- Cloud & Big Data: Holds the Alibaba Cloud Certified Associate (ACA) certification in Big Data.
- L&D & Human Capital: Certified CHCO (Certified Human Capital Officer) and BNSP Instructor, enabling me to not only analyze data but also communicate it and train teams effectively.

I believe that data is a new language, and my mission is to help organizations and individuals understand it through accurate analysis and targeted education.

Let's connect for a discussion about Data Science, Education, or Corporate Training!
